

28mm Aluminum Bottle Caps

28mm bottle cap is made of high-quality aluminum material, which is hygienic, will not rust, and is easy to open without auxiliary tools. After opening, the cap is destructive, which can effectively prevent pilfer. It's top and side seal design ensures secure sealing performance for carbonated beverages, including beer/malt beverages, and for non-carbonated beverages.

28mm aluminum bottle caps has the advantages of good cushioning, shock resistance, heat insulation, moisture resistance, chemical corrosion resistance, etc., and it is non-toxic, non-absorbent, non-dust, peeling, and scaling, and has very good sealing performance.

We can supply any closure caps with appropriate liners matching the needs of different filling and pasteurizing conditions. Other 28mm aluminum caps include:

28mm Screw Cap

28mm ROPP Cap

28mm PP Caps
