Top	lithographic printing / embossing / UV printing / hot foil / silk screen
Side	four colors offset printing / embossing / hot foil / silk screen printing

Embossing

Top printing

Side printing

Hot stamping

Screen printing

Main Application Areas of Spirit Bottle Caps:

- Wine: Widely used for still and sparkling wines (replacing traditional cork), reducing the risk of "cork contamination".
- Spirits and liqueurs: such as whiskey, vodka, often with anti-theft ring design to enhance security.
- High-end beverages: craft beer, sparkling water, etc., the use of aluminum caps to enhance product quality.

Advantages of Spirit Bottle Screw Caps:

- Lightweight: low density of aluminum reduces the overall weight of the package and lowers transportation costs.
- Corrosion resistance: the protective layer of aluminum oxide can resist the erosion of alcohol and acid, prolonging the service life.
- High plasticity: easy to stamp into complex shapes (e.g., threaded, embossed), adapting to diversified design needs.
- Environmental protection: 100% recyclable, in line with the trend of circular economy, reducing carbon footprint.

Packaging of Aluminum Spirit Bottle Caps:

Parameter	Specification
Quantity	According to the caps sizes
Packing box	5 ply or 7 ply Body Corrugated Boxes according to the requirement of customer.
Packing – Inner	Packed in sealed Polyethylene bags
Packing – External	Gum tape and strapped with PVC straps
Optional	Palletize as per Customer requirement.
